

# Key Questions to Consider When Planning Lessons

## Think about how learners will engage with the lesson.

**Does the lesson provide options that can help all learners:**

- regulate their own learning?
- sustain effort and motivation?
- engage and interest all learners?

## Think about how information is presented to learners.

**Does the information provide options that help all learners:**

- reach higher levels of comprehension and understanding?
- understand the symbols and expressions?
- perceive what needs to be learned?

## Think about how learners are expected to act strategically & express themselves.

**Does the activity provide options that help all learners:**

- act strategically?
- express themselves fluently?
- physically respond?
